Speaker: Patricia Munz, APN-C, CDE Endocrin. Associates, Freehold, NJ

Patricia Munz is a nurse practitioner and a certified diabetes educator. For the past twenty years, Pat has been educating and managing patients with diabetes. Currently, she is employed in an endocrinology practice and an internal medicine practice in central New Jersey. Additionally, she continues to teach patients in the diabetes program at her local hospital and is a frequent speaker on a variety of issues related to diabetes. Pat is President of the Garden State Association of Diabetes Educators and recipient of the Association's Educator of the Year Award in 2001. Recipient of the Distinguished Service Award 2008 from the Garden State Association of Diabetes Educators.

Target Audience: Pharmacists, Nurses, Dietitians

Program Goal: The goal of this program is to provide information and guidance on the management of diabetes (both preexisting and gestational) before, during, and after pregnancy.
